

ECOLAB: Eagan

Ecolab, one of Minnesota's Fortune 500 companies, is unfamiliar to most, yet probably touches your life in more ways than you could ever imagine--with the hand soap at the McDonald's where you ate at last weekend, at the doctor's office when you had your last physical (waterless hand sanitizer), in the can of Coke you drank at lunch or in the chicken you ate last night (food safety monitoring, and food and beverage processing plant cleaning products and systems), at the hotel where you stayed on your last family vacation (laundry soap and housekeeping cleaning supplies; cleaning supplies for the pool)--the list could go on and on. Ecolab's commitment to Cleaner, Safer, and Healthier takes us to all parts of the globe to work with customers who serve YOU—at restaurants, car washes, hotels, amusement parks, hospitals, shopping centers and more.

Visit Ecolab and take a tour of our global, state-of-the-art research center where our talented team of scientists and engineers innovate to help make the world cleaner, safer and healthier (and keep an eye out for the cockroach lab!)

8:00 am	Bus picks up students in front of Crowne Plaza Hotel
8:20-8:30	Bus arrives at Ecolab.
8:30-8:40	Check in, students and adults receive badges
8:50	Continental breakfast with scientists
8:50-9:05	Overall discussion of Ecolab (while students are eating)
9:15-10:15	Tour stations
10:20-10:30	Q & A Recap tours of Ecolab
10:30	Students get back on bus-- Depart Ecolab
10:50-11:00	Arrive at Crowne Plaza Hotel

SEAGATE: Bloomington

Seagate's Bloomington facility designs, develops and partially manufactures magnetic recording heads that are used in hard disk drives. These marvels of nanotechnology are extremely sophisticated transducers, and nearly 1.5 billion heads are expected to be manufactured worldwide in 2010

Tour attendees will be introduced to the broad spectrum of scientific and engineering disciplines needed to maintain leading edge technology and operations.

7:00 am	Bus picks up of students in front of Crowne Plaza Hotel
7:45 Bus	arrives at Seagate
7:45-8:00	Check in, students and adults receive badges
8:00	Continental breakfast with scientists
8:00-9:00	Overall discussion of both Seagate sites: Bloomington and Shakopee (while students are eating).
9:00-10:30	Three Tour stations
10:30-11:00	Q & A Recap tours of Seagate Technology
11:15	Students get back on bus - depart Seagate
11:45-12:00	Arrive at Crowne Plaza Hotel
